OBJECTIVE

Dynamic and motivated IT graduate with a passion for technology and a strong desire to contribute to the IT sector. Eager to apply my skills in to drive innovation and solve real-world challenges in a collaborative and fast-paced team environment.

EDUCATION

- ❖ Bachelor of Technology in Computer science Engineering (2019-2023) CGPA: 7.58
- ❖ 12th (2018) From Raghunath Girls Inter College, Meerut. CGPA: 7.6
- ❖ 10th (2016) From Howard Plested Girls Inter College, Meerut. CGPA: 6.9

SKILL

- ❖ Front-End Skills-HTML, CSS, Bootstrap.
- ❖ Programming Language – Java, Python, JavaScript.
- ❖ Framework – Django, React Js, Node Js.
- ❖ Toolkit – Git & GitHub.
- ❖ Database - SQL

PROJECTS

- ❖ Website - “Farm Picked”

This is my final year college project, which I completed with one classmate. It is basically an ecommerce website focusing on food-related content such as ordering fruits and vegetables. I can add more content to this website through our admin panel, where I manage all the content on the website.

- ❖ Website - “Shop Cart”

This is an e-commerce web application designed for purchasing fashion clothes. The application provides user login and registration processes. It is a user-friendly web application with a small mobile screen responsiveness. Technologies used include HTML, CSS, XML, JavaScript, Bootstrap, and React.

- ❖ Website - “FOODIE FLYER”

This is a Food Delivery web app called Foodie Flyer, allowing users to conveniently order food. The application features seamless user login and registration processes, ensuring a user-friendly experience across various devices, including mobile screens. Technologies utilised in its development include HTML, CSS, JavaScript, Bootstrap, and React.
